AADARSH MEHDI

Computer Science Student

@ aadarshofficial110@gmail.com 📞 +36205176258 ✉ - 📍 Budapest, HUNGARY
in aadarsh-mehdi-73754b13b/ ○ amhkhowaja

EXPERIENCE

Volunteer - Developer Student Club -Powered by Google
University of Debrecen

📅 September 2020 – Ongoing 📍 Debrecen, Hungary

Network Intern -IT Department
Khairpur Sugar Mills

📅 June 2019 – June 2019 📍 Khairpur, Pakistan

- Focused on :
  - Server Designing, Linux operation, Mac spoofing, Network troubleshooting, Auditing network nodes.

Vice President
Asgharia Student Organization Unit Badin

📅 2017– 2018 📍 Badin, Pakistan

EDUCATION

B.Sc. in Computer Science
University of Debrecen

📅 Sept 2020 – July 2021

- Main Subjects :
  - Visualized Mathematics, Operating System, Data structure and algorithms, JAVA OOP, Foundation of Artificial Intelligence, Database Management system, 3D Modeling, Network architectures and Protocol,

B.Sc. in Computer Science
National University of Science and Technology

📅 Sept 2019 – July 2020

- Majors:
  - C++ Procedural Programming Paradigm , JAVA OOP, Digital Logic Design ,

HSSC. - Pre-Engineering
Rahim Public School and College

📅 Aug 2017 – June 2019

MY CAREER OBJECTIVE

"Currently Computer Science student seeking to use my backend development knowledge in an entry-level position. Possess the capability to develop and build handsome software algorithms. Seeking the opportunity to implement the acquaintance I have learned so far in the projects Development"

SKILLS

Python Machine Learning Webscrapping
Automation Java OOP C++ Git
Data Visualization SQL

STRENGTHS

Adaptability Creative Thinker Quick Learner
Service Focused Logical Thinking

LANGUAGES

English ●●●●○
Urdu ●●●●●
Sindhi ●●●●●

PROJECTS

- Selenium based Whatsapp bot (Python, Selenium)
- Weblink Webscrapper (Python, BeautifulSoup)
- Campus Management System (Java, CSV Files)
- Tic Tac Toe Game (Java)
- Ship battlefield Game (Java)
- Daewoo Ticketing System(Java)
- Campus Management System – Shell Based(C++)

SSC. - Science Group
Army Public School and College Systems APSACS

📅 Aug 2015 – June 2017

SKILLS HIGHLIGHTS

- Experience with C, C++, Java, Python, SQL and MATLAB.
- Understanding of Data Science, Machine Learning, Data Visualization
- Hands-on on Automation, Web scrapping , and cool projects
- Enthusiast in learning new technologies and working on projects
- English Language Skill

CERTIFICATIONS

- Hacker Rank – 3 stars in Problem Solving
- Hacker Rank – 3 stars in SQL
- Travel Python to Machine Learning Bootcamp – GDSC Mehran University Pakistan
- Python For Everybody - Python Introduction (University of Michigan)
- Python For Everybody - Python Datastructures (University of Michigan)
- Python For Everybody - Using Python with Web (University of Michigan)
- Attendee in DSC (University of Debrecen) major events:
  - EAndroid Study Jam Workshop
  - Firbase Workshop
  - Google Cloud Workshop
  - Flutter Hands-On Workshop
- Best Brand Ambassador in Badin Model United Nation(Badin MUN)
- Certification of Participation – Laar Humanitarian and Development Programme (LHDP)/Indus Consortium
- Certification of Participation – Zonal Debate Competition
